Global Sustainable Tourism Council	**Sustainable Hotel, Accommodation**	https://www.gstcouncil.org/certification/become-certified-hotel/	**Demonstrate effective sustainable management** (Sustainability management system; Legal compliance; Reporting and communication; Staff engagement; Customer experience; Accurate promotion; Buildings and infrastructure; Land, water, and property rights; Information and interpretation; Destination engagement); **Maximize social and economic benefits to the local community and minimize negative impacts** (Community support; Local employment; Local purchasing; Local entrepreneurs; Exploitation and harassment; Equal opportunity; Decent work; Community services; Local livelihoods); **Maximize benefits to cultural heritage and minimize negative impacts** (Cultural interactions; Protecting cultural heritage; Presenting culture and heritage; Artefacts); **Maximize benefits to the environment and minimize negative impacts** (Conserving resources; Reducing pollution; Conserving biodiversity, ecosystems and landscapes).	Hotels and Accommodations.	 GSTC HAXX230001	Vadlīnijas pieejamas mājaslapā: https://www.gstcouncil.org/gstc-criteria/gstc-industry-criteria-for-hotels/
Global Sustainable Tourism Council	**Tour Operator**	https://www.gstcouncil.org/certification/become-certified-tour-operator/	**Demonstrate effective sustainable management** (Sustainability management system; Legal compliance; Reporting and communication; Staff engagement; Customer experience; Accurate promotion; Buildings and infrastructure; Land, water, and property rights; Information and interpretation; Destination engagement); **Maximize social and economic benefits to the local community and minimize negative impacts** (Community support; Local employment; Local purchasing; Local entrepreneurs; Exploitation and harassment; Equal opportunity; Decent work; Community services; Local livelihoods); **Maximize benefits to cultural heritage and minimize negative impacts** (Cultural interactions; Protecting cultural heritage; Presenting culture and heritage; Artefacts); **Maximize benefits to the environment and minimize negative impacts** (Conserving resources; Reducing pollution; Conserving biodiversity, ecosystems and landscapes).	Tour Operators.	 GSTC HAXX230001	Vadlīnijas pieejamas mājaslapā: https://www.gstcouncil.org/gstc-criteria/gstc-industry-criteria-for-tour-operators/
Global Sustainable Tourism Council	**Destination**	https://www.gstcouncil.org/certification/become-certified-destination/	**Sustainable management** (Management structure and framework; Stakeholder engagement; Managing pressure and change); **Socio-economic sustainability** (Delivering local economic benefits; Social wellbeing and impacts); **Cultural sustainability** (Protecting cultural heritage; Visiting cultural sites); **Environmental sustainability** (Conservation of natural heritage; Resource management; Management of waste and emissions).	Public policy-makers and destination managers. The criteria do relate to a named place that can be uniquely identified. Any type (e.g. urban, rural, mountain, coastal or mixed). The criteria can relate to large destinations (e.g. sizeable cities or regions) and to small ones (e.g. national parks, clusters of local communities, etc.).	 GSTC HAXX230001	Vadlīnijas pieejamas mājaslapā: https://www.gstcouncil.org/gstc-criteria/gstc-destination-criteria/
EU Eco-Management and Audit Scheme (EMAS)	**for Sustainable Tourism**	https://green-business.ec.europa.eu/emas/emas-sustainable-tourism_en	**Energy efficiency; Material efficiency; Water; Waste; Land use with regard to biodiversity; Emissions.**	Organisations working in the tourism sector.	A voluntary environmental management scheme instrument designed by the European Commission.	

EU Ecolabel	**Tourist accommodation**	https://environment.ec.europa.eu/topics/circular-economy/eu-ecolabel/product-groups-and-criteria/tourist-accommodation_en	**Vispārējās vadības kritēriji** (Vides vadības sistēmas pamats; Darbinieku apmācība; Informācija viesiem; Vispārējā apkope; Patēriņa monitorings); **Enerģijas kritēriji (**Energoefektīvi telpu sildītāji un ūdenssildītāji; Energoefektīvi gaisa kondicionētāji un gaisa siltumsūkņi; Energoefektīvs apgaismojums; Temperatūras regulēšana; Apsildes, ventilācijas un gaisa kondicionēšanas (AVGK) ierīču un apgaismojuma automātiska izslēgšanās; Āra apsildes un gaisa kondicionēšanas ierīces; Elektroenerģijas iegāde no atjaunojamo energoresursu elektroenerģijas piegādātājiem; Ogles un krāšņu kurināmais); **Ūdens kritēriji** (Efektīva ūdensapgādes armatūra: vannasistabas krāni un dušas; Efektīva ūdensapgādes armatūra: klozetpodi un pisuāri; Veļas mazgāšanas samazināšana, atkārtoti izmantojot dvieļus un gultasveļu); **Atkritumu un notekūdeņu kritēriji** (Atkritumu rašanās novēršana: ēdināšanas atkritumu samazināšanas plāns; Atkritumu rašanās novēršana: vienreizlietojamie izstrādājumi; Atkritumu šķirošana un nogādāšana pārstrādei); **Citi kritēriji** (Nesmēķēšana koplietošanas telpās; Videi draudzīgu transportlīdzekļu popularizēšana; Informācija ES ekomarķējumā).	Tūristu mītnes, kempinga pakalpojumi.		Vadlīnijas pieejamas mājaslapā
European Commission	**European Tourism Indicators System (ETIS)**	https://single-market-economy.ec.europa.eu/sectors/tourism/eu-funding-and-businesses/funded-projects/sustainable/indicators_en	**Destination management** (Sustainable tourism public policy; Customer satisfaction); **Social and cultural impact** (Community/social impact; Health and safety; Gender equality; Inclusion/accessibility; Protecting and enhancing cultural heritage, local identity and assets); **Economic value** (Tourism flow (volume and value) at destination; Tourism enterprise(s) performance; Quantity and quality of employment; Tourism supply chain); **Environmental impact** (Reducing transport impact; Climate change; Solid waste management; Sewage treatment; Water management; Energy usage; Landscape and biodiversity protection).	Tourist destinations.	A management tool; a monitoring system; an information tool.	Vadlīnijas pieejamas mājaslapā
World Sustainable Hospitality Alliance	**Pathway to Net Positive Hospitality**	https://sustainablehospitalityalliance.org/our-work/pathway/	**Environment** (Resource use and pollution; Protection and regeneration of nature); **Social** (Fairness in the workplace; Equitable and better opportunities; Community partnerships and support; Customer welfare); **Governance** (Net Positive Governance).	Hotel.	Nav sertifikācija	Vadlīnijas pieejamas mājaslapā.
World Sustainable Hospitality Alliance	**Hotel Carbon Measurement Initiative**	https://sustainablehospitalityalliance.org/resource/hotel-carbon-measurement-initiative/	Nav pieejami.	Hotel.	Methodology and free tool for hotels to calculate the carbon footprint of hotel stays and meetings in their properties.	Vadlīnijas pieejamas mājaslapā.
World Sustainable Hospitality Alliance	**Hotel Water Measurement Initiative**	https://sustainablehospitalityalliance.org/resource/hotel-water-measurement-initiative/	Nav pieejami.	Hotel.	Enables a hotel property to calculate the amount of water used per occupied room per day and per area of meeting space per hour.	Vadlīnijas pieejamas mājaslapā.
World Sustainable Hospitality Alliance	**Hotel Waste Measurement Methodology**	https://sustainablehospitalityalliance.org/resource/hwmm/	Nav pieejami.	Hotel.	To measure and track the following metrics for a hotel or portfolio: Total waste, including total food waste (metric tons); Total waste, including total food waste, per square meter (kilograms); Diversion rate (waste and food waste) (%).	Vadlīnijas pieejamas mājaslapā.

Green Key Certification	**Hotels & Hostels**	https://www.greenkey.global/criteria	**Environmental management; Staff involvement; Guest information; Water; Washing and cleaning; Waste; Energy; Food and beverage; Indoor environment; Green areas; Corporate social responsibility; Green activities; Administration.**	Hotels and hostels having more than 15 bedrooms.		Vadlīnijas pieejamas mājaslapā.
Green Key Certification	**Campsites and Holiday Parks**	https://www.greenkey.global/criteria	**Environmental management; Staff involvement; Guest information; Water; Washing and cleaning; Waste; Energy; Food and beverage; Indoor environment; Green areas; Corporate social responsibility; Green activities; Administration.**	Campsites and holiday parks (campsites, eco-camps, desert camps, etc. as well as being eligible for holiday parks).		Vadlīnijas pieejamas mājaslapā.
Green Key Certification	**Small accommodations**	https://www.greenkey.global/criteria	**Environmental management; Staff involvement; Guest information; Water; Washing and cleaning; Waste; Energy; Food and beverage; Indoor environment; Green areas; Corporate social responsibility; Green activities; Administration.**	Small accommodations (small hotels, hostels and guest houses, bed & breakfast establishments, eco-lodges, ecofarms, etc. with a maximum of 15 bedrooms).		Vadlīnijas pieejamas mājaslapā.
Green Key Certification	**Conference Centres**	https://www.greenkey.global/criteria	**Environmental management; Staff involvement; Guest information; Water; Washing and cleaning; Waste; Energy; Food and beverage; Indoor environment; Green areas; Corporate social responsibility; Green activities; Administration.**	Conference centres in locations without accommodation.		Vadlīnijas pieejamas mājaslapā.
Green Key Certification	**Restaurants**	https://www.greenkey.global/criteria	**Environmental management; Staff involvement; Guest information; Water; Washing and cleaning; Waste; Energy; Food and beverage; Indoor environment; Green areas; Corporate social responsibility; Green activities; Administration.**	Restaurants and cafés that are not part of hotels or other accommodations.		Vadlīnijas pieejamas mājaslapā.
Green Key Certification	**Attractions**	https://www.greenkey.global/criteria	**Environmental management; Staff involvement; Guest information; Water; Washing and cleaning; Waste; Energy; Food and beverage; Indoor environment; Green areas; Corporate social responsibility; Green activities; Administration.**	Attractions (museums, visitor and interpretation centres and theme parks).		Vadlīnijas pieejamas mājaslapā.
Travelife Sustainability Certification	**Travelife Certified standard for travel companies**	https://www.travelife.info/index_new.php?menu=certification&lang=ne	**Sustainability management and legal compliance** (Engagement of company; Social cooperation; Baseline assessment; Policy; Action plan; Monitoring and evaluation; External reporting and communicatio; Legal compliance and fair business practices); **Social policy and human rights** (Social policy and human rights; Training and education); **Environment and community relations** (Procurement; Paper (promotional materials); Energy consumption; Water consumption; Waste management; Reducing pollution; Mobility; Sustainability training and awareness raising; Land use and community relations); **Partner agencies** (Partner agencies; Specific conditions); **Transport** (Selecting transport suppliers; Executing transport (own vehicles); Sustainable packages); **Accommodation** (Accommodations; Specific policies); **Excursions** (Excursions & activities; Specific criteria); **Tour leaders, local representatives and guides; Destinations** (Selection of destinations; Local policies and initiatives); **Customer Communication and protection** (Prior to booking; After booking and during holidays; After holidays).	Travel companies (tour operators and travel agencies).		Vadlīnijas pieejama smājaslapā: https://www.travelife.info/index_new.php?menu=standardsandcriteria&lang=ne
Travelife Accommodation Sustainability	**Travelife Certified**	https://travelifestaybetter.com/	**Emissions; Biodiversity; Human rights; Fair labour; Child safeguarding; Animal welfare.**	Accommodation (individual properties and accommodation groups).		Vadlīnijas pieejamas mājaslapā: https://travelifestaybetter.com/the-travelife-checklist/

EarthCheck Standards	**EarthCheck Certified**	https://earthcheck.org/what-we-do/certification/earthcheck-certified/	**Greenhouse Gas Emissions; Energy Efficiency, Conservation and Management; Management of Freshwater Resources; Ecosystem Conservation and Management; Social and Cultural Management; Land Use Planning and Management; Air Quality Protection; Wastewater Management; Solid Waste Management; Environmentally Harmful Substances.**	All tourism businesses.		Vadlīnijas pieejamas mājaslapā: https://earthcheck.org/resources/
EarthCheck Standards	**EarthCheck Sustainable Destinations**	https://earthcheck.org/what-we-do/certification/sustainable-destinations/	**Energy efficiency, conservation and management; Greenhouse gas emissions; Air quality protection, noise control, light pollution; Management of freshwater resources; Wastewater management, drainage and streams; Ecosystem conservation and management; Land use planning and development; Transport; Solid waste management; Management of environmentally harmful substances; Cultural and Social Management; Economic Management.**	Destinations; Tourism Precincts; Local Municipalities.		Vadlīnijas pieejamas mājaslapā: https://earthcheck.org/resources/
EarthCheck Standards	**EarthCheck Evaluate**	https://earthcheck.org/what-we-do/certification/earthcheck-evaluate/	**Greenhouse Gas Emissions; Energy Efficiency, Conservation and Management; Management of Freshwater Resources; Ecosystem Conservation and Management; Social and Cultural Management; Land Use Planning and Management; Air Quality Protection; Wastewater Management; Solid Waste Management; Environmentally Harmful Substances.**	All tourism SMEs.	Practical program for SMEs starting their sustainability journey. A self-guided assessment.	Vadlīnijas pieejamas mājaslapā: https://earthcheck.org/resources/
EarthCheck Standards	**EarthCheck ECO**	https://earthcheck.org/what-we-do/certification/earthcheck-eco/	**Energy use; Water use; Carbon Emissions; Chemicals; Community and employee impact; Paper use; Waste.**	Ecotourism businesses, specifically terrestrial and marine parks.	Two levels of certification: EarthCheck ECO is an entry-level program perfect for small- to medium-sized businesses; EarthCheck ECO – Certified is an advanced program for those operators wishing to be recognised at the highest level of ecotourism practices globally.	Vadlīnijas nav pieejamas.
Biosphere Certification (Responsible Tourism Institute)	**for individual companies**	https://www.biospheretourism.com/en/biosphere-certification-for-individual-companies/111	Certification aligned with the 2030 Agenda and the 17 SDGs.	Any company that interacts, directly or indirectly, with the tourism sector.		Vadlīnijas nav pieejamas.
Biosphere Certification (Responsible Tourism Institute)	**for Chains and Groups**	https://www.biospheretourism.com/en/biosphere-certification-for-chains-and-groups/141	Certification aligned with the 2030 Agenda and the 17 SDGs.	Hotel chain or business group's corporate entity.		Vadlīnijas nav pieejamas.
Biosphere Certification (Responsible Tourism Institute)	**for Destinations**	https://www.biospheretourism.com/en/biosphere-certification-for-destinations/142	Certification aligned with the 2030 Agenda and the 17 SDGs.	Destination.		Vadlīnijas nav pieejamas.
Blue Flag Certification	**for beaches**	https://www.blueflag.global/criteria	**Water quality; Environmental management; Environmental education and information; Safety and services.**	Authority charged with responsibility for the beach (a local municipality, private hotel, national park, private beach operator).		Vadlīnijas pieejamas mājaslapā.

			Criteria	Applies to	Logo	Guidelines
Blue Flag Certification	**for tourism boats**	https://www.blueflag.global/criteria	**Environmental management; Environmental education and information; Safety and services; Social responsibility and responsible operation around wildlife.**	Tour operator (tourism boats). It is individual boats that have gained the award, not the tour operator as a whole. Only charter boat companies that offer crewed charter boat tours can apply.	BLUE FLAG	Vadlīnijas pieejamas mājaslapā.
Blue Flag Certification	**for marinas**	https://www.blueflag.global/criteria	**Water quality; Environmental management; Environmental education and information; Safety and service facilities.**	A marina with pontoons or piers for pleasure boats. It can be part of a larger harbour with other activities if the Blue Flag marina is clearly separated from other harbour activities. The marina can be located in marine or inland waters.	BLUE FLAG	Vadlīnijas pieejamas mājaslapā.
Green Globe International Standard	**for Sustainable Tourism**	https://www.greenglobe.com/green-globe-certification	**Environmental** (Conserving Resources; Reducing Pollution; Conserving Biodiversity, Ecosystems, and Landscapes); **Sustainable Management; Social Economic; Cultural Heritage.**	Attraction; Business (Supply Chain); Congress Centre, Meeting Venues; Cruise Ships (River & Ocean); Golf Course; Hotel & Resort; Organisation; Restaurant; Spa, Health Centre; Transportation (Mass Transportation, Bus Company, Limousine Service, Car Rental); Travel Industry (Tour Operators, Destination Management Company, Meeting & Incentive Industry).	GREEN GLOBE	Vadlīnijas pieejamas mājaslapā: https://www.green-globe.com/criteria-indicators
Green Seal	**Hotel Certification Standard (GS-33, Hotels and Lodging Properties)**	https://greenseal.org/categories/hotels/	**Waste Minimization, Reuse, and Recycling** (Recycling Program; Composting Program; Refillable Amenities; Double Sided Printing; Food Donation; Food Service Items); **Energy Efficiency, Conservation, and Management** (Energy-Consuming Devices; Indoor Lighting; Appliances and Heating, Ventilation, and Air Conditioning (HVAC) Systems; Climate and Lighting Control; Indoor Air Quality); **Management of Fresh Water Resources** (Water-Efficient Fixtures; Landscaping and Irrigation; Groundskeeping; Towel and Linen Reuse Program; Washing Capacity); **Hazardous Substances** (Minimization of Hazardous Substances; Storage and Mixing of Cleaning and Pool Products; Chemical Storage; Pest Control); **Purchasing** (Environmental Purchasing Policy; Paper Products; Cleaning, Laundry, and Dish Products; Paints; Durable Goods; Reusable Packaging and Shipping Pallets; Environmentally Responsible Suppliers).	Hotels and lodging properties (All Suites, Bed and Breakfasts, Convention Hotels, Cottages, Country Inns, Extended Stay, Full Service, Hotels, Limited Service, Lodges, Motels, Motor Inns, Resorts).	GREEN SEAL	Vadlīnijas pieejamas mājaslapā: https://greenseal.org/green-seal-standards/standards-list/
Circulare	**The Circular Hotels Initiative**	https://circulare.es/en/	Nav pieejami.	Hotels.		Vadlīnijas nav pieejamas.

Green Destinations Certification	**Programs for Destinations**	https://www.greendestinations.org/awards-certification/#1492794066443-19a41459-4c8d	**Destination Management** (Commitment & Organisation; Planning & Development; Visitor Management; Monitoring & Reporting; Legal & Ethical Compliance); **Nature and Scenery** (Nature & Conservation; Nature & Animal Experience); **Environment and Climate** (Land Use & Pollution; Water Management; Waste & Recycling; Energy, Sustainable Mobility & Climate Change; Climate Change Adaptation); **Culture and Tradition** (Cultural Heritage; People & Tradition); **Social Well-being** (Human Respect; Community Participation; Local Economy; Socio-Economic Impact; Health & Safety); **Business and Communication** (Business Involvement; Information & Marketing).	Destination, also, Private Destinations (resorts, game reserves, eco-lodges, etc. which include a valuable area or asset).		Vadlīnijas pieejamas mājaslapā.
Green Destinations Certification	**Good Travel Seal**	https://www.greendestinations.org/home/what-we-do/solutions-for-businesses/good-travel-seal/	Food and Products; Reducing Pollution; Caring for People; Caring for Water; Good Employment; Caring for Nature; Caring for Climate; Caring for Culture; Reducing Waste; Management and Info.	Tourism and travel related businesses and facilities.		Vadlīnijas pieejamas mājaslapā.
Green Destinations Certification	**Good Travel Scan**	https://www.greendestinations.org/home/what-we-do/solutions-for-businesses/good-travel-scan/	Support local community development; Offer equal opportunities and fair employment to all and to the local community; Energy saving and climate mitigation and adaptation; Avoid waste, especially single-use disposables and plastics; Clean and sufficient water guaranteed; Prevent noise, air, and water pollution; Promote local, eco-friendly and Fairtrade products; Promote ecological protection and regeneration; Protect the local cultural heritage and sense of place; Use a sustainable tourism management system and publicly communicate sustainability performance.	Tourism (all small businesses, products, services).	SMEs that have no previous knowledge or experience in sustainability management.	Vadlīnijas nav pieejamas.
Bioregional	**One Planet Living Framework**	https://www.bioregional.com/one-planet-living	**Health and happiness** (Encouraging active, social, meaningful lives to promote good health and wellbeing); **Equity and local economy** (Creating safe, equitable places to live and work which support local prosperity and international fair trade); **Culture and community** (Nurturing local identity and heritage, empowering communities and promoting a culture of sustainable living); **Land and nature** (Protecting and restoring land for the benefit of people and wildlife); **Sustainable water** (Using water efficiently, protecting local water resources and reducing flooding and drought); **Local and sustainable food** (Promoting sustainable, humane farming and healthy diets high in local, seasonal organic food and vegetable protein); **Travel and transport** (Reducing the need to travel, encouraging walking, cycling and low carbon transport); **Materials and products** (Using materials from sustainable sources and promoting products that help people reduce consumption); **Zero waste** (Reducing consumption, reusing and recycling to achieve zero waste and zero pollution); **Zero carbon energy** (Making buildings and manufacturing energy-efficient and supplying all energy with renewables).	Tourist resorts and destinations.	Nav sertifikācija.	Vadlīnijas pieejamas, iesniedzot informāciju: https://www.bioregional.com/resources/one-planet-living-goals-and-guidance-for-schools
ISO	**14001:2015 Environmental management systems — Requirements with guidance for use**	https://www.iso.org/standard/60857.html	Provides a framework for organizations to design and implement an environmental management system, and continually improve their environmental performance. The framework encompasses various aspects, from resource usage and waste management to monitoring environmental performance and involving stakeholders in environmental commitments.			Maksas.
ISO	**14040:2006 Environmental management — Life cycle assessment — Principles and framework**	https://www.iso.org/standard/37456.html	Describes the principles and framework for life cycle assessment (LCA) including: definition of the goal and scope of the LCA, the life cycle inventory analysis (LCI) phase, the life cycle impact assessment (LCIA) phase, the life cycle interpretation phase, reporting and critical review of the LCA, limitations of the LCA, the relationship between the LCA phases, and conditions for use of value choices and optional elements. It does not describe the LCA technique in detail, nor does it specify methodologies for the individual phases of the LCA.			Maksas.

ISO	**14044:2006 Environmental management — Life cycle assessment — Requirements and guidelines**	https://www.iso.org/standard/38498.html	Specifies requirements and provides guidelines for life cycle assessment (LCA) including: definition of the goal and scope of the LCA, the life cycle inventory analysis (LCI) phase, the life cycle impact assessment (LCIA) phase, the life cycle interpretation phase, reporting and critical review of the LCA, limitations of the LCA, relationship between the LCA phases, and conditions for use of value choices and optional elements.			Maksas.
ISO	**14046:2014 Environmental management — Water footprint — Principles, requirements and guidelines**	https://www.iso.org/standard/43263.html	Specifies principles, requirements and guidelines related to water footprint assessment of products, processes and organizations based on life cycle assessment (LCA). Provides principles, requirements and guidelines for conducting and reporting a water footprint assessment as a stand-alone assessment, or as part of a more comprehensive environmental assessment.			Maksas.
ISO	**20121:2024 Event sustainability management systems — Requirements with guidance for use**	https://www.iso.org/standard/86389.html	A beacon for sustainable event management, guiding organizations to seamlessly integrate sustainability into every facet of their event planning and execution. With a keen eye on social, economic, and environmental impacts, this standard is pivotal for events that aspire to leave a lasting positive legacy.			Maksas.
ISO	**20400:2017 Sustainable procurement — Guidance**	https://www.iso.org/standard/63026.html	Provides guidance to organizations on integrating sustainability within procurement. It is intended for stakeholders involved in, or impacted by, procurement decisions and processes.			Maksas.
ISO	**21902:2021 Tourism and related services — Accessible tourism for all — Requirements and recommendations**	https://www.iso.org/standard/72126.html	Establishes requirements and provides guidelines for "accessible tourism for all" with the aim of ensuring equal access and enjoyment of tourism by the widest range of people of all ages and abilities. This document provides information on the key aspects of policy making, strategy, infrastructure, products and services.			Maksas.
ISO	**50001 Energy management**	https://www.iso.org/iso-50001-energy-management.html	Provides a framework of requirements for organizations to: Develop a policy for more efficient use of energy; Fix targets and objectives to meet the policy; Use data to better understand and make decisions about energy use; Measure the results; Review how well the policy works; Continually improve energy management.			Maksas.
ISO	**59004:2024 Circular economy — Vocabulary, principles and guidance for implementation**	https://www.iso.org/standard/80648.html	Includes defining key terms and concepts, outlining a vision for a circular economy, elucidating core principles, and offering practical guidance for actionable steps towards sustainability. The standard aims to support organizations in contributing to the United Nations Agenda 2030 for Sustainable Development by facilitating a transition to a circular use of resources.			Maksas.
ISO	**59010:2024 Circular economy — Guidance on the transition of business models and value networks**	https://www.iso.org/standard/80649.html	Focuses on business-oriented strategies to implement circular economy practices at both organizational and inter-organizational levels. It complements ISO 59004 by offering more detailed guidance on assessing current value creation models, mapping value chains and value networks, and developing strategies for circularity. ISO 59010 is designed to help organizations make this transition effectively, contributing to sustainable business practices and a resilient global economy.			Maksas.

| ISO | **59020:2024 Circular economy — Measuring and assessing circularity performance** | https://www.iso.org/standard/80650.html | Sets forth requirements and guidance for organizations to measure and assess their circularity performance within defined economic systems. This document aims to standardize the process by which organizations collect and calculate data using mandatory and optional circularity indicators, ensuring consistent and verifiable results. It provides a structured framework for setting system boundaries, selecting appropriate indicators, and interpreting data to evaluate the circularity performance at multiple levels—from regional and inter-organizational to organizational and product-specific levels. | | | Maksas. |
